

ANNUAL REPORT

FISCAL YEAR 2000-2001

TENNESSEE DEPARTMENT OF CORRECTION

Don Sundquist, Governor
Donal Campbell, Commissioner

The Tennessee Department of Correctional Fiscal Year 2000-2001 Annual Report
was coordinated and published by:

Planning and Research Division

Gabrielle L. Chapman, Director
Lois E. Holt-Cooper, Coordinating Editor

Planning and Research extends its gratitude to all departmental staff who assisted in the gathering of information and data used in this publication.

To request a copy of this report, or other research information, contact us at the following:

Telephone: (615) 741-1000 ext. 4026

FAX: (615) 532-8281

September 28, 2001

The Honorable Don Sundquist
Governor of Tennessee
and
The General Assembly
State of Tennessee

Ladies and Gentlemen:

It is my pleasure to present to you the Department of Correction's annual report for Fiscal Year 2000-2001. I hope that you will take a few moments to review the information and statistical data it contains.

Listed below are a few highlights that I am pleased to bring to your attention:

- Based on preliminary estimates, the department anticipates reverting approximately \$23 million to the State General Fund.
- During this fiscal year, the department added 578 beds without construction costs by double-celling previously single-occupancy cells.
- The overall incident rate per 100 inmates was reduced by 18.3 percent (from 61.92 incidents per 100 inmates in FY00 to 50.58 per 100 in FY01).
- The violent incident rate, which includes assaults, homicides, escapes, and other violent incidents, was reduced by 32 percent (from 8.60 per 100 inmates in FY00 to 5.85 per 100 in FY01).
- The number of inmates in TDOC custody increased by 4 percent, from 16,880 on June 29, 2000, to 17,565 on June 29, 2001.
- \$889,600 in savings is anticipated (over the ten-year life of the equipment) from installation of new telephone systems.
- As a result of monitoring and consolidating the number of procurement requests submitted through the Tennessee On-Line Purchasing System (TOPS), the department has realized cost savings of approximately \$263,000 over FY99 expenditures.
- The department doubled the capacity in the security threat group ("gang") program unit located at the Southeastern Tennessee State Regional Correctional Facility. This program is offered to aid gang members in withdrawing from gang affiliation.
- The department negotiated and executed a contract for the delivery of inmate health care services, effective July 1, 2001, which is expected to save the State an estimated \$3,000,000 per year over the course of the contract.

This department continues with initiatives to reduce the cost of institutional operations while maintaining all sites accredited status through the American Correctional Association.

The progress this department has made continues to reflect the quality and dedication of our staff, and the support of the Governor and the General Assembly. We will continue to seek ways to fulfill our mission of supervising convicted offenders in the institutions at the lowest possible cost to the State.

Sincerely,

A handwritten signature in black ink that reads "Donal Campbell".

Donal Campbell

MISSION

The mission of the Tennessee Department of Correction is to ensure public safety through incarceration of convicted felons; enhance inmate life skills through selected rehabilitative programming; and make implementation of cost-effective measures a clear priority.

VISION

The TDOC will be an organization where employees are:

empowered in the decision making process,

involved in the improvement of individual knowledge and skills, the workplace and society,
and

committed to providing a safe and humane environment and to assisting offenders by providing opportunities for positive behavioral changes.

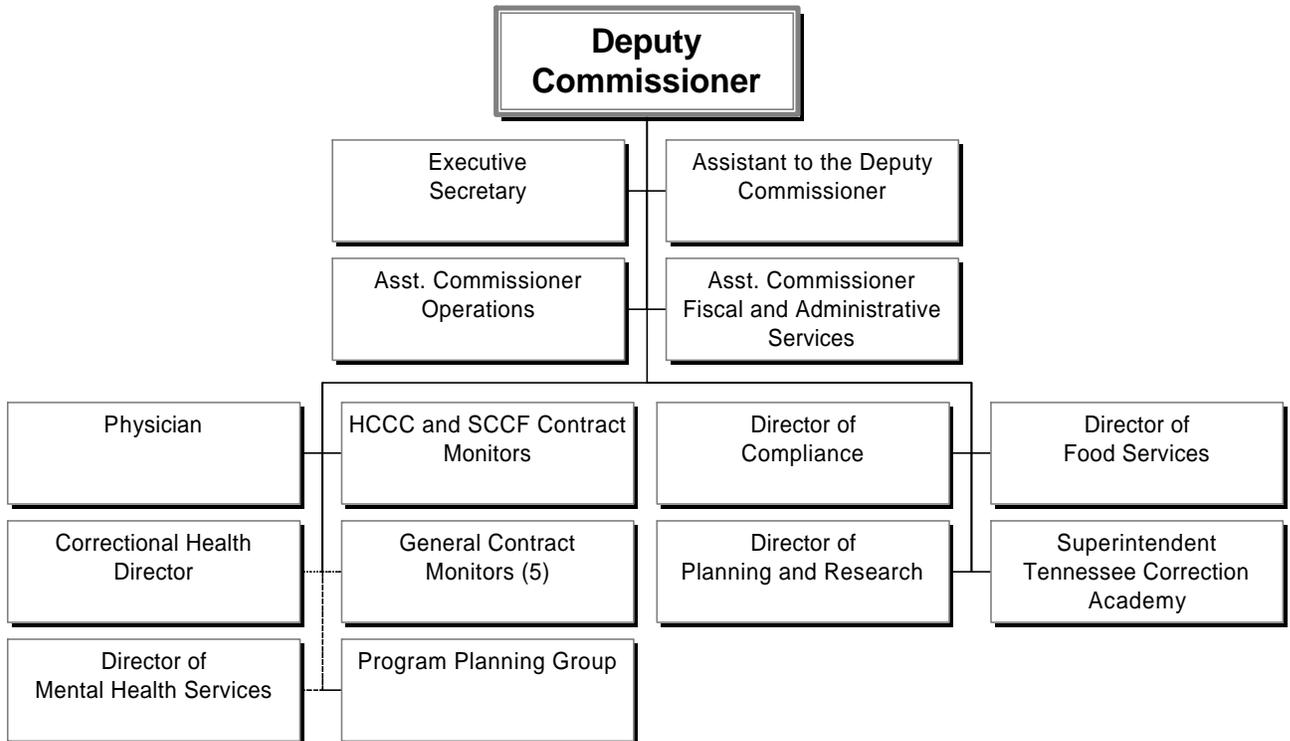

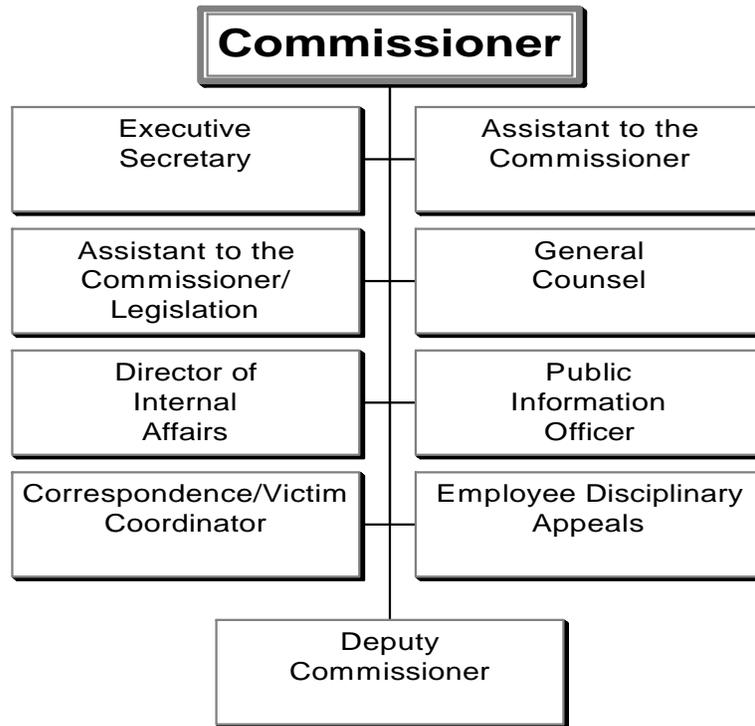

VALUES

The TDOC is committed to continuous improvement by working toward a common goal. All employees are encouraged to be flexible, creative, and responsive in meeting the needs of those they manage.

Fair and ethical treatment of convicted felons, respect for fellow employees and the general public, and openness in both internal and external relationships are essential components in effective management of the Tennessee Department of Correction.

COMMISSIONER'S DIVISION

**SECTION I
COMMISSIONER'S DIVISION**

EMPLOYEE GRIEVANCES AND DISCIPLINARIES

The Employee Grievance section is a departmental resource that helps employees with respect to correct procedures for resolving grievances, and provides assistance to managers in establishing consistent actions. Quarterly reports are available to aid in establishing consistency in employee disciplinary actions by allowing personnel to better monitor cases and provide feedback to the field. Classes focusing on civil service concepts, disciplinary actions, and grievance procedures are conducted for senior managers at the Tennessee Correction Academy.

During Fiscal Year 2000/2001, a total of 164 grievances were submitted. Of these, 117 were upheld, 20 decisions were overturned, 15 were deemed non-grievable, and 12 were resolved without a hearing. There were 25 written warnings submitted for review during Fiscal Year 2000/2001.

INTERNAL AFFAIRS

Internal Affairs conducts administrative and criminal investigations related to the operation of the department as authorized by the commissioner. These processes allow the commissioner to more effectively monitor and gather appropriate data to provide a safe environment for the employees, inmates, service providers, and all citizens served.

It is also the responsibility of Internal Affairs to develop and maintain a functional working relationship with local, state, and federal law enforcement agencies. This connectivity maximizes the use of resources which promote effectiveness and proficiency in serving the department and the citizens of Tennessee.

The Director of Internal Affairs, and through him the investigators assigned primarily to one of the three grand divisions of the state, reports directly to the commissioner. The arrangement ensures clear lines of responsibility, authority, consistency, and justice in the investigative and disposition processes.

LEGISLATIVE LIAISON

The department's legislative liaison is responsible for coordinating the development of proposed departmental legislation and serving as the liaison with the governor's office and the members of the General Assembly. In addition, this position coordinates the review of pending legislation with the department's office of the general counsel, planning and research, and the administrative services section. The liaison also monitors the implementation of new laws and informs staff of statutory changes that might impact operations and departmental policies.

During the 2001 session, the General Assembly approved legislation authorizing the department to collect court costs owed by an inmate in a criminal case by deduction from the inmate's trust fund account. If the state has paid the court costs in a case, any money collected from the inmate trust fund will be deposited in the State General Fund.

Another piece of related legislation that was passed requires inmates who file civil actions to pay the filing fee. If the inmate does not have sufficient funds to pay the entire filing fee at the time the lawsuit is filed, he or she will be required to make a "partial payment" if any funds are available. The inmate will continue to make payments each month in the amount of 20% of the preceding month's income credited to the inmate's account until the filing fee is paid in full. The department will deduct the appropriate amount from the inmate's trust fund account and forward it to the appropriate court clerk. The act also has a "three strikes" provision. This will prohibit an inmate from filing a lawsuit without paying the entire filing fee up front if the inmate has, on three (3) or more occasions, had a lawsuit or appeal dismissed as frivolous or malicious or for failure to state a claim. An exception is made in cases in which the inmate is under imminent danger of serious physical injury.

The Governor also signed into law a bill amending the "Private Prison Contracting Act" related to contracts for the management and operation of prison facilities. Included in the act are changes to the current law concerning the comparative evaluation process and the standard required to be met before a contract may be renewed.

Also passed during the session was a bill authorizing vested correctional officers employed by the department to carry firearms. The department is working with the Attorney General's office to clarify provisions of this statute.

COMMISSIONER'S DIVISION

The General Assembly also voted to direct TRICOR to strive to provide or create other programs as deemed necessary by the prison industry program to support an inmate's rehabilitation efforts. The definition of the "prison industry program" includes placement in the state's post-release programs and incorporates the program under the authority of the TRICOR board.

OFFICE OF THE GENERAL COUNSEL

The Office of the General Counsel represents the department and the commissioner in legal and administrative proceedings in which the department is a party. In addition, the office drafts administrative rules, reviews and recommends changes to departmental policies, provides legal opinions on issues affecting corrections, reviews contracts, administers the interstate compact on detainers and the interstate corrections compact, coordinates the extradition process in Tennessee, reviews proposed legislation, and assists the Office of the Attorney General and approved private counsel in the defense of departmental employees sued by inmates for alleged constitutional civil rights violations. Approximately 500 inmate civil cases are currently pending involving the department. The office also provides assistance to the Office of the Attorney General in defending the state against claims filed in the Tennessee Claims Commission.

The Office of the General Counsel also provides assistance, recommendations, and training to institutional administrators and staff on a daily basis regarding correctional issues and the effect of changes in all areas of the law upon the operations of the department.

PUBLIC INFORMATION OFFICE

The Public Information Office is the central point for communication with the public and media about the Department of Correction. The office consists of a Public Information Officer (PIO), who is the designated spokesperson for the commissioner and the department.

The PIO answers questions and distributes information about a wide range of topics relating to the department, such as privatization, death row, departmental statistics, and policies. The PIO supervises the department's web page and answers inquiries from the public submitted through the Internet. The PIO also provides internal support by conducting media seminars for department employees.

The department receives inquiries from all over the world, but the majority of information requests originate from the approximately 600 media outlets within the State of Tennessee. Assistance is also provided to the music and film industries for both music videos and films produced at selected adult facilities and the Tennessee State Penitentiary, which is frequently used for its historically significant architecture. In 2001, the department worked with the Film, Entertainment and Music Commission for the production of a major motion picture starring Robert Redford at the old Tennessee State Penitentiary.

The Public Information Officer coordinates the media relations for 12 state-owned adult facilities and the training academy.

The most requested topic of information in FY2000-2001 concerned death row. The Public Information Office continues to receive media requests for interviews with death row inmates.

SECTION II DEPUTY COMMISSIONER'S DIVISION

COMPLIANCE

Accreditation - The department continues to maintain its accredited status. Six institutions had successful American Correctional Association (ACA) audits during FY2000/2001. Auditors from fourteen correctional systems outside Tennessee evaluated these institutions and found them to meet or exceed nationally recognized standards. TDOC's commitment and ability to comply with the ACA standards result in a safe and constitutional environment for offenders and employees, and institutions that are operationally sound.

Mock audits of each institution were conducted by the accreditation section to evaluate operational quality and the caliber of the documentation in the accreditation files prepared for the audit teams. Compliance staff participated in all ACA audits, providing technical assistance and support to the institutions and ACA auditors.

Annual Inspections - During FY2000/2001, all TDOC and privately operated institutions and the training academy were fully inspected by a team of 10-15 inspectors consisting of personnel from the institutions and central office. The inspections were completed utilizing an inspection instrument designed to monitor policy compliance in each area of the facility's operation.

A summary report was prepared by the Compliance section detailing deficiencies for the warden or superintendent. The local manager responded with a corrective action plan and a reinspection was performed where necessary. The annual inspection process is a cost efficient monitoring mechanism that contributes to the operational quality of the department. Ninety-five percent of all items evaluated were in compliance with policy mandates for FY2000/2001.

Internal Audit - During FY2000/2001, Internal Audit conducted general fiscal audits of every TDOC institution and the training academy. The goal was to identify and correct fiscal problems prior to any significant loss to the state. Audit reports were submitted by the compliance section to each site to provide the institution's management an opportunity to respond and correct findings. Additional program/fiscal evaluations were performed as directed by the commissioner or deputy commissioner. Reports were filed with the appropriate individuals and follow-up meetings were conducted by assistant commissioners to reinforce corrective action. Internal Audit contributed to sound fiscal practices in the institutions.

DEPUTY COMMISSIONER'S DIVISION

FOOD SERVICES

The Food Services division coordinates the food service operations in all TDOC managed correctional institutions. This division also works with the State Food Service Board of Standards, which administers the cook/chill program, and with other correctional facilities in and outside Tennessee on issues relating to food service. Advice and instruction are provided on operational matters such as controlling food costs, food preparation, receipt of food, compliance with nutritional guidelines, and sanitation. Institutional visits and annual inspections monitor compliance with TDOC policies and ACA standards.

The Tennessee Department of Health's Food Service Establishment laws and regulations are now fully adopted and utilized in all TDOC facilities. The Tennessee Department of Health inspects all food service operations. All food service managers, assistant managers, and ninety percent (90%) of stewards are Hazard Analysis of Critical Control Points (HACCP) and ServSafe certified.

The Food Services division has adopted the Statewide Comprehensive Food Services Board of Standards policies and procedures. Therefore, all TDOC managed institutions are required to fully participate in the cook/chill program. The Department of Correction purchased 13,134,272 pounds of product for a total of \$9,105,213 from the production center during the FY2000/2001.

TDOC facilities utilized \$41,116 in USDA commodities. TDOC received a total of \$174,013 from the School Nutrition Program. Also, TDOC received \$1,634 in donated items for us in Food Service.

During FY2000/2001, approximately 16,422,025 meals were served at a cost of \$4.44 per day per inmate. This includes food, labor, supply, meals and supplements during hospitalization, and cook/chill overhead costs. The cost for food alone this fiscal year was \$.92 per meal per inmate.

HEALTH SERVICES

Health Services is responsible for the overall planning, coordination, organization, and monitoring of the department's provision of health care. This includes policy development, consultation, and technical assistance to institutional health care staff. The Health Services section is also responsible for monitoring the performance of various contractors that provide health services for TDOC. The Health Services section has added contract monitoring positions and a part-time medical director (physician) to enhance its ability to evaluate the provision of services by TDOC contractors.

Last year, there were over 360,000 primary health services encounters in TDOC institutions. In addition, there were over 200,000 prescriptions dispensed, and approximately 19,000 chronic care clinic visits.

The Director of Health Services receives and compiles monthly institutional data used in evaluating and monitoring trends in the delivery of health care. These evaluation/statistical analytical reports are used in fiscal management decisions for allocating health service resources. Each institution has an on-site contract physician and other qualified licensed health care providers. Inmates requiring specialty physician care may be sent to the Lois M. DeBerry Special Needs Facility Health Care Center, which provides 21 specialty clinics on site. The Health Care Center also provides 104 sub-acute nursing care beds for inmates requiring pre-operative, post-operative, and convalescent care. The department maintains a secure 24-bed acute care unit for inmates at the Nashville Memorial Hospital.

This has enabled Health Services to design strategies and methods which improve the quality of health. This year, emphasis has been placed on monitoring specifically identified chronic, acute, and infectious diseases, as well as emergency health conditions. These diseases and conditions are monitored according to predetermined "completeness and appropriateness of care" criteria indicators.

An integral aspect of the CQI program is monitoring the effectiveness of the Tuberculosis (TB) prevention and control program. The Institutional Continuous Quality Improvement Committees (ICQIC) are responsible for monitoring, surveillance, evaluation, and collecting data used in evaluating the TB transmission risk in each area and/or occupational group within TDOC facilities.

Health Services provides a comprehensive Infection Control and Communicable Disease Surveillance Program. The Tuberculosis Control and Prevention Program requires screening/testing of all new inmate admissions and annual testing of the existing population and institutional staff.

MENTAL HEALTH

All incarcerated offenders have access to mental health services upon determination of need by staff. All of the state's correctional facilities have the ability to provide a range of clinical as well as non-clinical interventions. Services include, but are not limited to, mental retardation services, psychiatric in-patient/out-patient care, medication management through psychiatric intervention, individual and group counseling designed to address a range of mental disorders, psychological/psychiatric assessment and evaluation, intensive sex offender treatment, etc.

Some mental health programs are provided in a therapeutic community setting. The utilization of a therapeutic community model allows staff to intensify service delivery while in the confines of a more therapeutically controlled environment. The majority of programs are provided in designated areas within the institution.

The delivery of services is governed by state and federal standards, TDOC mental health policy, and American Correctional Association (ACA) standards. The quality of service delivery is monitored through annual inspections, quality improvement studies, site visits, and vendor utilization reporting.

TDOC's two primary psychiatric treatment locations are:

DeBerry Special Needs Facility - This facility can serve 320+ mentally disordered offenders, including a 64-bed intensive sex offender treatment program.

South Central Correctional Facility - This facility offers transitional services for offenders discharged from DSNF and other offenders within the system who require sheltered psychiatric care in an environment less restrictive than DSNF.

Both facilities make their services available to the entire adult correctional system.

The department is actively involved with state and community behavioral health care agencies and universities, addressing issues such as community transition and treatment outcomes.

DEPUTY COMMISSIONER'S DIVISION

During FY2000-2001, there were more than 146 reported instances of patients transitioning through some form of therapeutic isolation (figure does not include therapeutic isolations at the inpatient facility). Approximately eight percent of each TDOC facility's population was receiving some type of psychiatric medication during this period. DSNF, MLCC, and TPW have a greater psychiatric drug utilization due to their population/mission. During any given month, 19 to 35 percent of the population of these facilities were receiving psychiatric medication.

During FY2000-2001, the TDOC Treatment Review Committee was called upon 48 times to review cases involving involuntary treatment interventions. An average of 30 TDOC patients were appointed conservators during this year. The number of TDOC inmates/patients with an Axis I and/or Axis II DSM-IV diagnosis housed in TDOC during this period was estimated to be more than 2,700. Psychological staff were requested to perform approximately 236 parole evaluations at the request of the Board of Probation and Parole, and 5,501 initial classification mental health assessments/evaluations were made during this time period.

Mental Health Services' expenditures during FY2000-2001 were \$10,118,754. This cost is based on the third set of preliminary state accounting reports (psychopharmacological costs not included).

PLANNING AND RESEARCH

The Planning and Research division (P&R) provides information, analysis, and research to assist the department's ongoing and future management, operation, and policy initiatives. The division is responsible for providing information and analysis to public and private constituencies regarding developing trends, issues, and correctional policy within the TDOC in the form of monthly and annual reports as well as statistical data and research briefs. The constituents the P&R section assist include the executive and legislative branches of state government, correctional facilities, other TDOC departmental divisions, federal and state agencies, and other organizational and individual entities.

P&R is also responsible for handling all research proposals submitted from within and outside TDOC. It reviews, screens, approves, and monitors all research projects conducted in TDOC facilities. Additionally, P&R conducts its own research projects. This section is currently working with the Vanderbilt Institute for Policy and Planning Studies on an evaluation of educational, vocational, and mental health programs at the Tennessee Prison for Women.

P&R coordinates the department's annual planning process, in which the strategic business-planning document is compiled through a multi-stage process. Identifying short and long-term goals and objectives for each of the functional areas of the department (e.g., health services, operations), the strategic planning document becomes the foundation for the budgeting process. The annual felon population projections, which signal the beginning of the planning process, are perhaps the most significant responsibility of P&R. These 10-year projections allow the department to more closely monitor offender trends and to better plan its capital construction. Population projections, projected capacity, and projected unmet demand through June 2010 are indicated on page 40.

The departmental policy coordinator is responsible for conducting the policy review and development process, as well as policy distribution and uploading of policies onto network servers. Monitoring services are provided as a part of the policy process, and include TDOC and Corrections Corporation of America policy development, review, and distribution, as well as publication of the TDOC Policy Handbook. Monthly reports are provided to

management relative to exemptions that have been granted and annual review requirements. The departmental policy coordinator also contributes to the central office accreditation process by maintaining documentation and monitoring compliance with certain ACA standards.

PROGRAM PLANNING

The Program Planning division is responsible for special projects, program development, and project management associated with the department's long-range plans. This division's staff of three reports to the Deputy Commissioner and works in conjunction with TDOC administration, directors, Planning and Research, and institutional personnel. Typical projects include:

- Program plans and design guidelines for new prison construction
- Coordinating technical assistance programs with the National Institute of Corrections
- Impact and procedural documents for program expansions and additions
- Research and technological summaries
- Technical documents prepared for the Select Oversight Committee on Corrections
- Compliance with federal grant programs
- Data collection and analysis, and
- Various special projects relative to improving operational procedures within the department.

TENNESSEE CORRECTION ACADEMY

The Tennessee Correction Academy provides continuing staff development skills to pre-service and in-service personnel. In order to accomplish its mission, the academy actively pursues three fundamental objectives:

1. Implement a targeted training system
2. Operate in a quality environment
3. Establish professional development as a clear organizational priority

During FY2000/2001, the academy played a vital role in TDOC's efforts to reduce employee turnover statewide, while at the same time improving the overall quality of personnel training and development. In this regard, the academy:

1. Doubled the amount of training provided to newly hired correctional officers from three weeks to six weeks.
2. Envisioned and developed a comprehensive, standardized on-the-job training program for academy graduates using institutional field training officers and mentors.
3. Developed and/or delivered human resource training programs to correctional supervisors and managers, such as Employee Retention Strategies, Coaching, and Improving Your Institution's Organizational Culture.

DEPUTY COMMISSIONER'S DIVISION

By the end of FY2000/2001, the academy had trained 8,000 personnel, of which 2,140 were newly hired employees. Specialty schools and workshops conducted during the year included Correctional Emergency Response Team training, Critical Incident Stress Debriefing, Less-than-Lethal Munitions training, and Disciplinary Board training. In addition, academy instructors traveled throughout the state to prisons and field offices to deliver numerous training topics to over 2,000 personnel. Among those programs delivered on-site were Overcoming Workplace Negativity, Workplace Romances, Sexual Harassment, How to Be A Correctional Survivor, and Cultural Diversity Issues.

For the coming year, plans have been finalized for the contracted delivery of "on request" training programs for various county and municipal law enforcement agencies, as well as the academy-based delivery of numerous other training programs using compressed video (distance learning) technologies.

Training program oversight and approval mechanisms for the academy continued under the leadership and guidance of the Tennessee Department of Correction's Training Advisory Committee.

**SECTION III
DIVISION
OF
ADMINISTRATIVE SERVICES**

BUDGET

The mission of the budget division is to assist the institutions and program directors in the submission, development, and management of the department's operating budget. This division monitors and authorizes expenditures from the department's operating funds and monitors and revises the department's projected revenue collections. Additionally, this division calculates the fiscal impact to the department of proposed legislation and serves as a liaison between the department's wardens and directors and the Department of Finance and Administration's budget division.

The department's total operating budget for FY2000/2001 was \$486,719,850. Improvements for this operating budget totaled \$13,299,900 for prison bed expansions, increased felon population, and other operating requirements.

The department's actual expenditures were \$422,152,200, or approximately 13.3% under budget. As a result of operating efficiencies and improvements, the department saved substantial tax dollars and reverted \$23 million to the General Fund.

CENTRAL MAINTENANCE

Central Maintenance provides the TDOC institutions in Davidson County with the required maintenance support to keep facilities operational. This division is formed by a core of building trades specialists and headed by a facility management team. Each facility utilizes inmate labor to provide general facility upkeep, including tasks such as changing light bulbs, making minor plumbing repairs, and other routine maintenance.

The complex and unique nature of each of the four Davidson County facilities poses special challenges for a maintenance group. Central Maintenance services facilities which vary from approximately forty years old to newly constructed, providing services twenty-four hours a day, seven days a week, 365 days a year as required. Servicing heating and cooling systems, mechanical services, commercial appliances, and electrical systems calls for employees of this section to work in all kinds of weather and locations.

The Davidson County garden and central landscape operation is also operated under the direction of the Central Maintenance Department. The garden is operated on TDOC property adjacent to the DSNF site and contributes fresh seasonal produce as a supplement to the daily meals of all central region facilities. Landscape, mowing, and centralized recycling services are provided to all TDOC Davidson County facilities as a cost saving measure.

CENTRAL PROCUREMENT

In the past, TDOC's purchasing was done via a decentralized system in which the responsibility and authority required for purchasing was delegated to the individual facilities. In July 1997, centralized procurement was established for the middle Tennessee institutions, and the procurement officers from Davidson County facilities were transferred to central office to perform these functions. Procurement staff are assigned by commodity groups as opposed to purchasing everything for each facility. This system creates the opportunity for staff to compare their assigned commodities among the facilities and has helped to establish central contracts for purchasing leverage.

Central Procurement's main responsibilities include:

- Serving as TDOC's liaison between General Services Purchasing Division and all TDOC correctional facilities.
- Developing, implementing, and evaluating internal policies and procedures regarding TDOC purchasing, and ensuring that TDOC follows the General Services purchasing procedures and regulations governing state purchasing.
- Purchasing goods and services for all Davidson County facilities and central office.
- Processing all paperwork pertaining to the procurement of goods and services for Management Information Services/Integrated Technology Services section.
- Reviewing commodities for establishment of statewide contracts for all TDOC facilities.
- Standardizing commodities purchased by TDOC facilities. Standardization teams are in place to review, revise, and determine which commodities are beneficial for TDOC to use.

An Electronic Procurement Request has been developed for TDOC for procuring commodities. Middle Tennessee Davidson County facilities will be first on-line to use the electronic procurement request. Our goal is to have all facilities procuring commodities electronically by the end of September 2001.

ADMINISTRATIVE SERVICES

CONTRACT ADMINISTRATION

The Contract Administration section writes contracts, requests for proposals (RFP), and purchase authorizations to assist institutions and central office administrators to procure personal services, professional services, and consultant services vital to the mission of the department. In an era of entrepreneurial government, service contracting is crucial in protecting taxpayers' interests while achieving the state's resource development and service delivery goals. The Contract Administration division is responsible for ensuring that the department complies with the statutes, rules, and policies applicable to the service procurement and contracting processes. It serves as a single point of contact between TDOC and the Department of Finance and Administration, Office of Contracts Review.

During fiscal year 2001, the department issued an RFP and negotiated a contract for medical services that will replace over thirty (30) separate healthcare provider contracts. The department successfully defended its RFP process against a vendor's protest. The new contract is projected to save the state three (\$3,000,000) million dollars in fiscal year 2002 and comparable amounts in future years.

For fiscal year 2001, the Department of Correction had total maximum contract liabilities amounting to \$118,504,949. Please note that maximum liabilities represent estimated expenditures authorized under contracts and do not necessarily represent actual expenses incurred.

The following chart shows the relative value of TDOC contracts by general category of service.

Table 6: CONTRACT LIABILITIES FY2000/2001

Service Category	Maximum Liability	% of Total
Private Prison Operation	\$50,392,950	42.5%
County Jails	45,335,577	38.3%
Medical	18,678,536	15.8%
Mental Health	2,785,465	2.4%
Other	1,312,421	1.1%
TOTAL	\$118,504,949	100.0%

ENERGY MANAGEMENT & FACILITY SAFETY COMPLIANCE

Energy Management & Facility Safety Compliance provides technical information and assistance to TDOC's institutional energy coordinators and facility safety officers in their efforts to reduce energy consumption and improve the efficiency of existing HVAC and related mechanical and electric systems, as well as in the area of institutional safety. Assistance is also provided by conducting lighting, noise, and ventilation testing to help institutions maintain their ACA accreditation status.

Currently, TDOC institutions are in the process of installing more efficient lighting, engaging in TVA-assisted geothermal and laundry pilot projects, and following EPA "Energy Star" and "Climate Wise" energy reduction guidelines to meet the Governor's 30% energy savings challenge. The next phase involves "building tune-up", which upgrades and recommissions existing energy management systems with the potential interconnection of systems on the state network or Internet to allow central monitoring of institutional energy use.

The department continues to meet and/or exceed the Governor's challenge to reduce energy costs.

ENGINEERING SERVICES

The Engineering Services section forms an administrative bridge between institutional managers and the architects, engineers, and contractors providing services at the institutions. This section prepares maintenance budgets, new construction programs, cost proposals, and maintenance policies. Engineers review construction plans, specifications, and completed work, as well as investigate new building sites and designs. In addition, the staff serve as liaisons between the department, F&A's Capitol Project Management division, and the State Building Commission.

Engineering, planning, and technical staff rewrote and reissued the department's guidelines for maintenance and construction of new prisons. This effort defines new standards and updates current requirements for prison construction. These revised standards will define prison construction in the future.

FISCAL SERVICES

Fiscal Services' mission is to support TDOC administration and operations, and to ensure fiscal accountability throughout the department. The division provides technical assistance to the field in all areas of fiscal management (financial reporting and all aspects of accounting, purchasing, payroll, property management, inmate trust fund, commissary, and inventory control). Fiscal Services participates in the development of policies and procedures designed to maximize resources and eliminate fraud and waste. Staff develop training workshops to keep TDOC fiscal staff informed and facilitate continuous improvement by the department. Fiscal Services is the liaison between TDOC and the Department of Finance and Administration, General Services, and the Comptroller of the Treasury for fiscal management responsibilities, and staff work with these agencies to ensure compliance with state laws and regulations. Fiscal Services strives for departmental recognition as an exceptional organization in the area of fiscal management.

ADMINISTRATIVE SERVICES

JUDICIAL EXPENSE AND CRIMINAL COST ACCOUNTING

The Judicial Expense and Criminal Cost Accounting division works with county officials to ensure that they are reimbursed for housing felons. There are several conditions under which the state is liable for costs of housing felons:

1. Felons sentenced to serve their time in the local jail. (Tennessee Code Annotated permits judges to sentence felons to serve their time locally in certain circumstances.)
2. Counties may contract with the state to house felons sentenced to the Department of Correction.
3. The state reimburses counties for housing felons who have been sentenced to the Department of Correction and are awaiting transfer.
4. Court costs associated with felony charges, transporting inmates, extradition, witness fees, jury boarding, and emergency medical expenses.

The funded appropriation for fiscal year 2001 was \$107,234,200.

MANAGEMENT INFORMATION SERVICES

Management Information Services (MIS) provides computerized information reporting and technical assistance in the design and development of computerized systems and archived records. MIS is striving to strengthen itself as a service-oriented organization. MIS maintains data for and designs and runs reports regarding all records of offenders who have been in the state's correctional system.

MIS is divided into four functional areas, Systems Development Services (SDS), Operational Support Services (OSS), Integrated Technology Services (ITS), and Technical Support Services (TSS).

Systems Development Services (SDS) provides support and maintenance for the Tennessee Offender Management Information System (TOMIS). Enhancements to the system that facilitate its operation, sharing of data at both the state and local levels, and collection of offender data prior to admission to the department consumes the majority of SDS resources. SDS staff works closely with the Systems Development Support staff of the Office for Information Resources, which provides approximately 15,000 hours of programmatic support for TOMIS annually. Systems Development Services plans for use of approximately 80,000 hours of the state's mainframe computer a year. SDS has been instrumental in the development of the department's Internet presence. In FY2000-2001, SDS provided assistance for 25,000 telephone callers, prepared 100 Systems Investigation Requests (SIRS), and completed 56 SIRS. SDS also responded to over 30,000 E-mail requests and 10,000 fax requests during the past fiscal year.

Operational Support Services (OSS) is responsible for microfilming offender records, maintaining medical and archived institutional records, distributing computer generated reports, and maintaining the electronic fingerprint system. The microfilm section is responsible for filming and indexing all active and inactive offender records. The records section processes in excess of 400,000 pieces of mail each year, in addition to approximately 2,800 requests for offender file records each month. In addition, they process requests for offender medical records in the same volume as inmate file requests. The records section manages warehousing archived medical and institutional records at the Tennessee State Penitentiary. Presently, there are more than 12,000,000 documents housed at this site. OSS archives records of offenders who are released at expiration of sentence, are deceased, or have been on parole for more than two years.

Integrated Technology Services (ITS) is responsible for the repair and preventive maintenance of security electronic systems, including fence detection systems, locking control panels, alarm annunciation panels, closed circuit TV, paging and intercom systems, and mobile mapping systems. ITS is also responsible for the installation and maintenance of network and desktop hardware and software for all TDOC facilities.

Technical Support Services (TSS) provides necessary desktop hardware and software support assistance to users in the central office. They define technical specifications for required equipment and software, and place, track, receive, and install orders. On average, the staff handles 200 requests for assistance each month through e-mail or informal means. The group also maintains and updates the Victim Offender Information Caller Emissary (VOICE) , a system designed to allow registered victims to retrieve selected automated offender information from TOMIS via telephone.

PERSONNEL

Personnel provides technical assistance and advice, ensures compliance with Civil Service rules, EEOC/ Affirmative Action, state laws, and policies. This section also implements and monitors personnel related programs such as employee benefits, including employee assistance, family medical leave, and accommodations under the Americans with Disabilities Act. Personnel pursued the following programs and initiatives in FY2000/2001.

- Equity increase for food service employees based on years of service
- Upgrade of positions responsible for the institutional records office
- Establishment of positions to be used for field training officers
- Equity increases for physician's assistants
- Continue to work with DOP on upgrading treatment plant operators
- Increased analysis of exit surveys
- Maintenance of a toll-free recruitment line for job applicants
- Recruiting efforts as follows:

→ Job Fairs

- Ft. Campbell - Encourage soldiers exiting the Army to apply for correctional officer and other positions
- Project Pay Check - Job fair attracts 3-4 thousand participants ranging from GED to Ph.D. applicants. TDOC recruits for correctional officers, nurses, food service and maintenance positions, and professional staff.
- TSU Job Fair - College students are encouraged to work a shift as a correctional officer while in school. Recruiting for correctional counselor and other positions requiring a 4-year bachelors degree is done.
- Nashville Chamber of Commerce - Job fair held at Nashville Tech. Attendees were mostly students in vocational/technical classes.

→ Internet - Jobs and ads posted on the following web sites:

- Career Highway (www.careerhighway.com)
- Tennessean Ads (www.tennessean.com)
- TDOC Home Page (www.state.tn.us/corrections)
- Career Builder (www.careerbuilder.com)

OPERATIONS

SECTION IV DIVISION OF OPERATIONS

PROGRAMS

Program areas listed below are part of Operations. Program staff in each of these areas provide overall support to central office and the facilities on a day-to-day basis.

- Classification/Sentence Management Services
- Community Work Programs
- Education
- Inmate Grievances/Disciplinary Appeals
- Inmate Jobs
- Substance Abuse Programs
- Security Services
- Volunteer Services

All TDOC facilities and the commissioner's designees for privately managed facilities are also included in this division.

PROGRAMS - CLASSIFICATION

The Classification section is responsible for two significant areas: Inmate Classification and Sentence Management. Classification is responsible for the implementation and maintenance of the system which manages the progression of inmates through the levels of custody/risk from the point of intake into TDOC custody through the period of their incarceration.

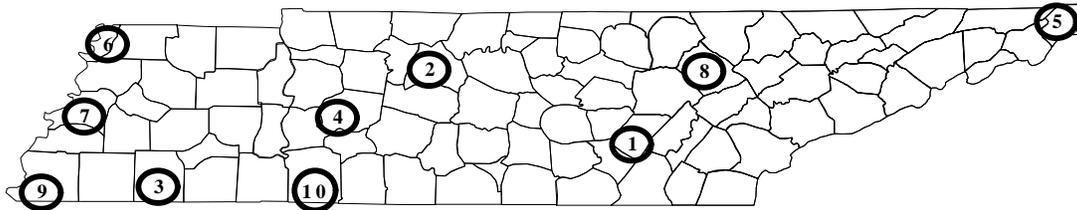

The classification process evaluates current and past information about inmates which aids in making appropriate recommendations concerning levels of supervision (custody) and programs. A major objective is to involve inmates in programs consistent with the safety and protection of the public, TDOC staff, and other inmates. Emphasis is given to custody and security, i.e., necessary levels of supervision as determined from the recency, severity, and frequency of an individual's institutional conduct and criminal conviction history. The process of evaluation occurs continually throughout an inmate's period of incarceration, and is managed at the institutional level by correctional classification coordinators.

OPERATIONS

Classification is also responsible for ensuring that the inmate population levels of the institutions do not exceed capacity limits. This is accomplished by authorizing admissions of inmates to the department's reception centers from county jails on a daily basis contingent upon available capacity. Further, the division monitors and approves, on the basis of population levels, inter-institutional transfers of inmates.

SENTENCE MANAGEMENT SERVICES

Sentence Management Services (SMS) provides sentence management information, computes all felony sentences, and monitors and reports release dates and eligibility dates to The Board of Probation and Parole in order to produce eligibility dockets. SMS has two divisions. The two divisions are Sentence Computation Services (SCS) and Sentence Information Services (SIS).

Sentence Computation Services (SCS) carries out the department's responsibility to compute and maintain the release eligibility dates and expiration dates for all felony offenders in Tennessee, regardless of their place of confinement. Sentence information and expiration dates are also maintained for all offenders whose sentences are suspended to probation. The number of persons being sentenced by Tennessee criminal and circuit courts has continued to increase year by year. Changes in process of work flow and intense commitment to work has eliminated previous backlogs of judgment orders and keeps SCS current in entry of judgment orders. SCS will continue to improve its organizational process every year to increase its efficiency.

Sentence Information Services (SIS) continues to provide sentence calculation training and programmatic direction for institutional record clerks, institutional unit management staff, and Sentence Management Services staff. SIS also provides research in the areas of sentence calculation, sentence credits earned or removed, eligibility for parole, and the verification of expiration of sentences for all incarcerated felons. SIS responds to numerous requests for sentence information received from attorneys, offender family members, law enforcement agencies, and other TDOC divisions.

PROGRAMS - EDUCATION

The TDOC operates as a State Special School District and fully complies with the Department of Education’s Minimum Rules and Regulations for the Governance of Schools. Departmental policies govern the institutions’ academic and vocational education program for inmates, including program accreditation, staff certification, and coordination with other institutional programs and services as well as the community. The department employs 52 academic instructors, 63 vocational instructors, 7 principals, 7 teacher’s assistants, and 44 correctional clerical officers in support of educational programs and library operations.

TDOC routinely assigns inmates under twenty-one (21) years of age and those without a verified high school diploma or GED to educational programs.

Academic programs include Adult Basic Education for GED preparation. Inmates may participate in college level classes via correspondence courses at their own expense and with the approval of the warden.

Vocational programs include air-cooled engine technology, automotive mechanical technology, barbering, building maintenance, cabinetmaking and millwork, carpentry, commercial food service, commercial cleaning, computer repair, cosmetology, electrical/mechanical, heating/air conditioning/refrigeration, industrial maintenance, interior development and finishing, interior and exterior landscaping, masonry, microcomputers, office technology, personal computing, plumbing, printing and silk screening, residential construction technology 1 & 2, residential electricity, shoe repair service, upholstery service, and welding.

*HCCF and SCCF'S vocational programs are administered through Pontiac Business Institute (approved by Tennessee Higher Education Commission) rather than frameworks of the Tennessee Department of Education. The programs are typically 16 weeks in length, thus the higher number of graduates.

OPERATIONS

PROGRAMS - INMATE GRIEVANCES/DISCIPLINARY APPEALS

A grievance is defined as a written complaint concerning the substance or application of a written or unwritten policy or practice, any single behavior or action toward an inmate by staff or other inmates, or any condition or incident within the department or institution which personally affects the inmate complainant.

The TDOC inmate grievance procedures have been certified by the U.S. Department of Justice. There are three levels of the grievance process, two of which occur at the institutional level. The third level of the process is handled by an executive administrative assistant to the commissioner. Approximately 130 grievances per week are handled at level three, with responses sent within 25 working days. Responses to grievances concerning health services, food services, TRICOR, and jobs/education are drafted by the appropriate director and returned to the executive administrative assistant for final review.

Inmates have one calendar year to file a civil suit from the date of receipt of the final level three response to the grievance.

PROGRAMS - INMATE JOBS

An inmate job is defined as a program assignment for which an inmate is paid and/or is evaluated for program sentence credits. A program assignment includes work, academic and vocational classes, social services programs or mental health programs. The purpose of the inmate jobs program is to reduce inmate idleness, thus promoting stability within the institutions, to provide meaningful jobs and training, and to provide a system for job advancement. Uniform procedures have been established for assigning inmates to institutional jobs.

Inmates may request placement on registers for a job assignment and are tentatively determined to be eligible and qualified before they are approved for register placement. Job assignments are primarily based on seniority on the register. Inmates without a high school diploma or GED are not routinely promoted to jobs above semi-skilled level. The jobs program expanded during FY2000/2001, with an increase of approximately 260 additional inmates assigned to jobs.

Inmates are not permitted to refuse or quit an assigned program, with the exception of those assigned to a Prison Industries Enhancement (PIE) program or to certain mental health treatment programs. There are two types of job assignment terminations; they are disciplinary and non-disciplinary dismissals. Sanctions are attached to disciplinary terminations.

The inmate jobs specialist is responsible for the coordination of the day-to-day departmental operation of the inmate jobs program. This includes policy development, monitoring, training for inmate job coordinators, assisting with development of TOMIS applications for inmate jobs, providing technical assistance to institutional and central office staff, preparing reports, approving requests for changes in the inmate worker pattern, and performing audits. There is an inmate job coordinator position at each institution.

Table 20: INMATE EMPLOYMENT - JUNE 2001

* Inmates who can not be assigned due to their status; such as segregation, classification and medical disabilities.

OPERATIONS

PROGRAMS – SUBSTANCE ABUSE PROGRAM

The goal of Substance Abuse Program services is to provide a continuum of cost-effective substance abuse treatment and programming services for incarcerated felons who have a history of alcohol or drug dependence.

Because of the need to provide treatment services to a heterogeneous population, a range of treatment programs designed for varying levels of need and motivation have been incorporated into the substance abuse program. Programming services include drug awareness, addiction and recovery education, cognitive skills development, therapeutic community, transitional release services, and structured self-help groups.

Table 21: TDOC SUBSTANCE ABUSE DELIVERY SYSTEM SERVICES

MODALITY	DESCRIPTION	CLIENT CHARACTERISTICS	LENGTH OF STAY
DRUG AWARENESS All TDOC Facilities	Generally once per week, after work hours or on weekends. Group discussion and lecture format. Can be instructed by any employee trained to facilitate current Drug Awareness Curriculum. This is not a treatment program.	Used as a sanction for inmates who test positive on a drug screen. Group size: unlimited, determined by seating capacity	Short duration, 30-40 hrs. of classroom instruction.
ADDICTION AND RECOVERY EDUCATION All TDOC Facilities	Commonly once or twice per week. Lectures format, classroom setting. Can be instructed by any employee trained to facilitate current Addiction and Recovery Education Curriculum. This is a pre-treatment program. Federal confidentiality laws do not protect inmates who are enrolled in Addiction and Recovery.	Persons who are not ready for treatment services. Persons who are not heavily addicted and are in need of pre-treatment or prevention services. Group size: 20-30 per session.	Varies, generally 26 hours of classroom instruction.
GROUP COUNSELING All TDOC Facilities	Generally, conducted twice per week. Group sessions are 120 minutes in length. Participants are given homework assignments or out of group activities. Role-play, individual presentations, and situational exercises are required to assist in skill development. A substance abuse treatment counselor can only facilitate group counseling. A plan of treatment is required. Federal confidentiality laws protect program participant information. A signed release of information is required prior to acceptance into the program.	Appropriate for persons who have substantial drug histories or who have completed a therapeutic community program. Group size: 20-24 for large group discussion and 10-15 for small process group sessions.	Generally, 3 – 6 months.
THERAPEUTIC COMMUNITY (TPW, MLCC, BMCX, NWCX)	Long term 24 hrs. a day designed to impart new behaviors and attitudes. Peer hierarchy and reinforcement. Federal confidentiality laws protect all program information.	Persons with long histories of substance abuse and antisocial behaviors.	Generally, 6 – 12 months.
TRANSITIONAL RELEASE (MTCX, BMCX, TPW)	Short or long term pre-release program utilizing relapse prevention strategies; may include work release or community service.	Persons completing a TC or Cognitive Interventions program, parole violators, or person convicted for a positive drug screen.	Varies, generally 3-24 months.

PROGRAMS - SECURITY SERVICES

The Security Services section, working under the auspices of the Assistant Commissioner of Operations, is responsible for monitoring TDOC security systems and evaluating institutional security issues. The primary responsibilities of this division include developing policies, procedures, and practices related to institutional security issues. Security Services conducts on-site audits of institutional security practices and procedures, compiling and evaluating information on trends and changes in technology that may impact or improve TDOC security functioning, and serves as a general resource for issues related to correctional security. Security Services works with the institutions to address issues of non-compliance during annual inspections, monitors the maintenance and control of armory and CERT team equipment, and maintains a knowledge and network of relationships with other criminal justice agencies to facilitate the sharing of information that may benefit the TDOC.

PROGRAMS - VOLUNTEER SERVICES

The Volunteer Services section is responsible for developing and implementing volunteers programs for offenders, members of the inmate's family, and the Tennessee Department of Correction (TDOC) staff. The volunteers are recruited from within the community to supplement services the state offers. The talents volunteers provide include personal counseling, tutoring in basic literacy and GED preparation, sponsoring birthday parties, offering religious instruction/services, and more.

A staff member in each institution is assigned the task of working with the volunteers at each site. The local volunteer coordinator recruits and trains volunteers according to each institution's specific needs. Training includes a standardized orientation to policies and procedures, with specialized instruction to meet the needs of the volunteer program at a particular location.

Each institution organizes a local Community Resource Board to oversee management of the volunteer program and community relations. The local boards are made up of community leaders, church groups, and civic organizations. These working board members, actually volunteers, assist in recruiting, fund raising, and volunteer program supervision. Board members serve as advocates for the program in their community.

The local boards are represented on a state-wide level by the Tennessee Community Resource Board (TCRB). This board, composed of individuals with diverse backgrounds, is made up of 15 members approved by the Commissioner of Correction and the Chairman of the Board of Probation and Parole. Membership includes five representatives each from the west, middle, and east regions of Tennessee. Each member has served in a volunteer capacity for offenders, or worked in the criminal justice system. The TCRB meets once a year with the commissioner and chairman to focus on volunteer issues and the needs of staff, offender families, and local Community Resource Boards. Annually, the volunteer network saves the state an average of more than 1.4 million dollars offering services not offered by the department.

OPERATIONS

SECURITY THREAT GROUP MANAGEMENT

The Security Threat Group (STG) Management function is an integral component of the Division of Operations. STG management encompasses the identification, monitoring, and tracking of confirmed STG members and affiliates throughout their incarceration. In 1999, a position was created within the Division of Operations for a Security Threat Group Coordinator. The primary responsibility of the STG Coordinator is to assess and disseminate gang intelligence within the TDOC and other law enforcement agencies.

There are institutional STG coordinators designated at every TDOC facility and private facility that houses TDOC inmates. The institutional STG coordinators identify and monitor STG inmates and activity within the institutions. Currently, there are approximately 1,500 confirmed STG members and 1,400 suspect STG members within the TDOC. The Tennessee Offender Management Information System (TOMIS) provides the STG team with the ability to instantly access STG intelligence and other vital information on inmates.

In FY 2000/2001, two departmental policies (STG Intelligence and STG Program Procedures) were drafted and implemented to address STG activity within the department. At the Southeastern TN State Regional Correctional Facility, the TDOC implemented an STG program that consists of three phases, each lasting approximately 90 to 120 days, utilizing cognitive behavior modules that are designed to sever the inmate's dependence/reliance on the gang. Currently, there are approximately 100 inmates assigned to this program.

The STG Coordinator also works closely with the wardens, institutional staff, and the correctional emergency management team (CERT) in an ongoing effort to identify and develop STG information on inmates throughout the department.

**SECTION V
DATA
AND
STATISTICS**

The following pages represent statistical information concerning TDOC's stock population as of June 30, 2001, admissions into the TDOC system, and releases from the TDOC system.

Primary offense: As of July 2000, offenses were categorized according to the Tennessee Incident Based Reporting System (TIBRS), which is based on the FBI's National Incident Based Reporting System (NIBRS). This system of reporting standardizes categorical offense reporting across criminal justice agencies both within the state and nationally. For more detail on how TCA code is categorized according to the TIBRS system, see the TBI website at <http://www.tbi.state.tn.us/tca.htm> or the TDOC Research Brief, "Assessing the Impact of the TIBRS on TDOC Criminal Offense Reporting," available online at <http://www.state.tn.us/correction/researchbrief.html>.

DATA AND STATISTICS

Readers of this report should note the following:

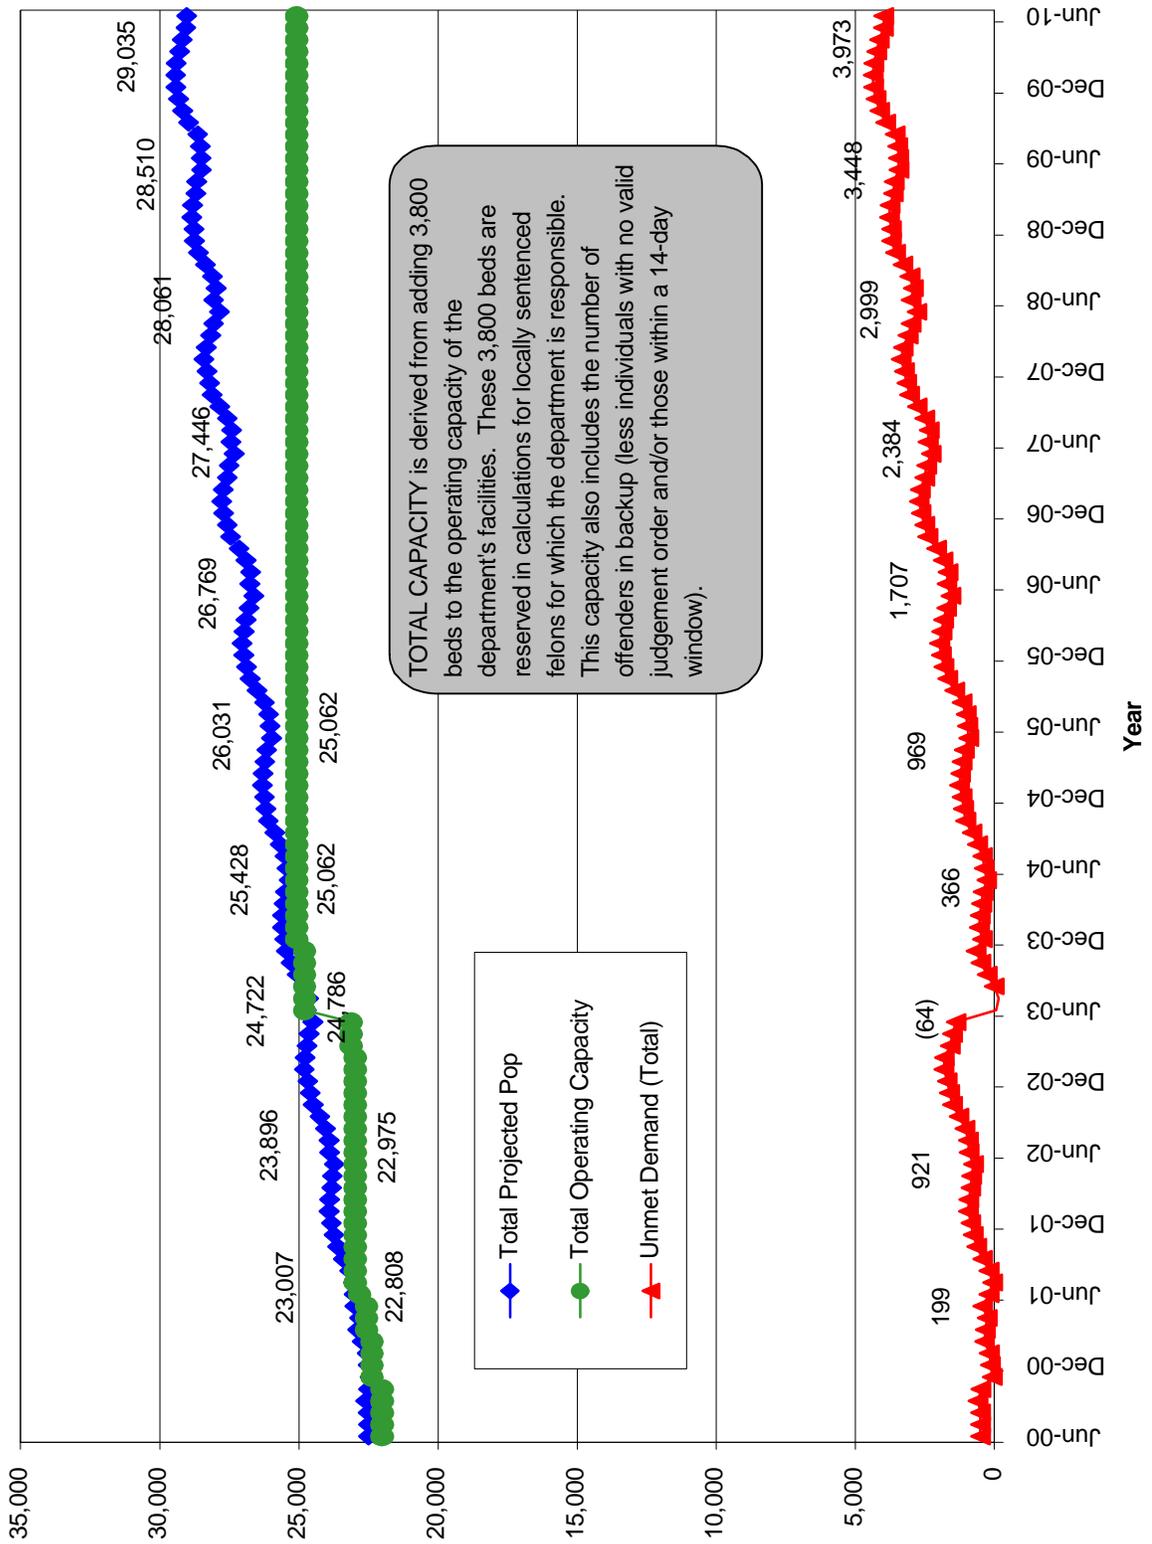

1. Data presented in this section is based on information drawn from multiple Sections within the Department of Correction. Because TOMIS is a Dynamic database and information is constantly being added and changing, some data in comparable tables may not match exactly.
2. Sentenced imposed information is relevant to **admissions** during the year, while time served information is relevant to **releases** during the year.
3. A common tendency is to correlate this information, which is a misinterpretation of the data.
4. Readers should keep this distinction in mind. The data do not pertain to the same groups of offenders.

There are occasionally discrepancies between population totals presented in different tables. These discrepancies are most commonly attributable to the fact that data may be drawn from different sources (e.g. custody level count are taken from the daily pop count sheets rather than the Tennessee Offender Management Information system data base), missing data, or that data is drawn at different points in time. Because TOMIS is a database in flux, with admissions, releases, and movements constantly occurring, data drawn at different points in time may reflect changes that have occurred between those dates of data extraction.

In certain cases, average time served (especially in the releases from local jail or backup categories) will appear to the reader to be incongruent with the offense. In such cases, the small number of individuals presented left TDOC for another jurisdiction during the period in question.

Figure 3: Projected Incarcerated Felon Population
